126 Glad Georgia seems to be on everyone's mind. I'm just worried that they're going to pull the same fraud in the runoff elections.

24 They're breaking every election law with impunity. Worse, all the cases seem to find their way in front of Stacey Abrams sister so the commie rats claim no laws are broken. None of the higher courts will take them up, and apparently the dumbest person in Georgia is tasked with single handedly "overseeing" the election.

12 He is a fucking idiot. I mean where do they come up with these people? I am a true believer that politicians just can't make it in the real world.

32 If rules are broken and there are no consequences - then there were never really any rules.

12 All rules and laws, no matter no trivial, are based on implicit threat of violence.

▼ If we prove there is no threat to those destroying our country, we revoke all rules and laws that protect it.

3 Dominion makes a paper trail. Deep state wants us focused on them and not ES&S machines. They hate dominion and the paper trail it makes.

4 They can just fix the paper train in the dead of the night so that by the time a paper trail can be looked at, it's fixed.

34 Of course they will, why wouldn't they? They weren't stopped before so there's no reason for them to stop now...unless the Patriots stop it we know the courts, judges, and GA politicians won't.

▼ Republicans are stupid enough to deal Pelosi and Schumer. We'll let you win Georgia if you confirm the Biden steal tomorrow...only to have late mail-in votes come in after Wednesday and republicans loss again.

Why do you still think the RINO party represents you? Even if those two do, there's more than 2 other senators who don't. It's meaningless. All that matters now is if we're still willing to accept it.

▼ You will catch a lot of heat for that but I don't disagree. If Trump can't pull off this fair election then I'll never vote republican again in my life. Third party. MAGA party. Or the Dems. Get it over sooner rather than later.

[permalink](#) [parent](#) [save](#) [report](#) [block](#) [reply](#)

▲ **LostMyAccount** 1 months ago +2 / -0

▼ Even a MAGA Party is irrelevant. I get the impression many here do not actually believe the election system is rigged. If they did, that kind of suggestion would be clearly absurd. It's either rigged or it isn't.

It's time to stop playing games and take the country back. This is it.

2 Interesting point made here; If the statistical anomalies we are seeing were in terms of dollars, say in banking transactions, we would have every three letter federal agency and the states investigating the hell out of this. I guess a vote is worth less than a dollar in the eyes of our government.....makes ya think

2 We made the WA POO for *violent threats*: <https://www.washingtonpost.com/technology/2021/01/05/parler-telegram-violence-dc-protests/>. ~~~. Talk of guns and potential violence is rife on the encrypted messaging app Telegram, the conservative social media site Parler and on thedonald.win, an online forum that previously operated on Reddit before the company banned it in June after years of racism, misogyny, anti-Semitism and calls for violence.

Trump's tweet last month pushing baseless fraud claims and promoting the "big protest" on Jan. 6 — "Be there, will be wild!" — has become a central rallying cry. It was the top post on thedonald.win Tuesday morning, and anonymous commenters saw it as a call to action: "We've got marching orders," the top reply said."
